

COMPACT. EXPO COUNTER.

WHAT SIZE IS MY STARLINE EXPO COUNTER?

The full graphic area is 1,950mm wide by 940mm high. Approximate front area is 880-900mm.

NB: The panel ends curve around the back of the display and should not contain essential text or graphics

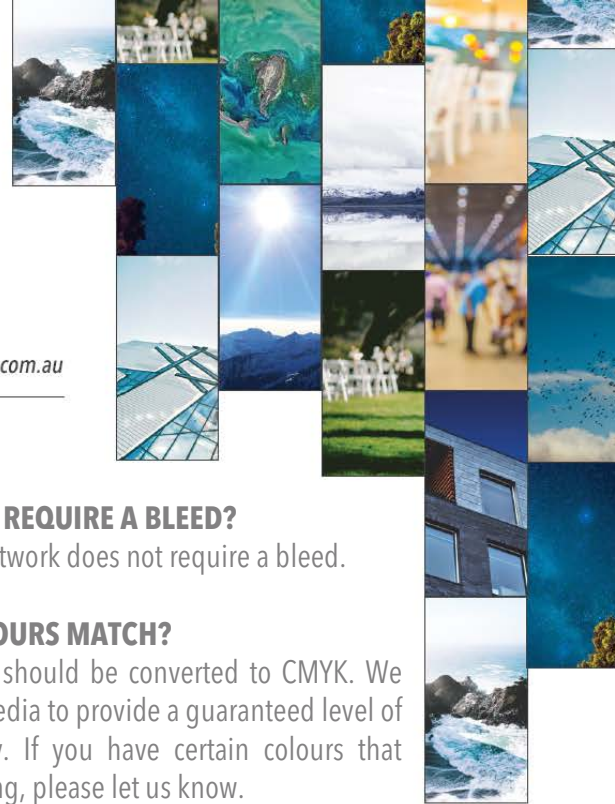

WHAT SIZE SHOULD I MAKE THE GRAPHICS?

Make your graphic 25% of the final size required. 487.5mm wide x 235mm high.

Please set up using our supplied EPS template.

WHAT FILE TYPE IS BEST TO SUPPLY?

Print ready PDFs with fonts converted to outlines is best. If you don't have this or you are a little stuck – don't worry, we have a fully qualified design team that are ready to help. Email your existing artwork to sales@silverlineaust.com.au and we'll provide you with some further assistance.

DOES MY FILE REQUIRE A BLEED?

Expo counter artwork does not require a bleed.

WILL MY COLOURS MATCH?

Pantone PMS should be converted to CMYK. We profile every media to provide a guaranteed level of colour accuracy. If you have certain colours that require matching, please let us know.

WHAT RESOLUTION SHOULD MY PICTURES BE?

All images should be a minimum of 300 dpi and converted to CMYK.

It is recommended that you do not enlarge images within your file over 100% to avoid pixelisation.

HOW DO I SUPPLY MY PDF FILE?

Files can be sent via email to sales@silverlineaust.com.au.

If your file is too large to send via email, use our online file uploader on our [website](#).

PROOFING:

PDF proofing is available, please request this at the time of your order. If you require a hard copy proof on the banner media this will be an additional \$75.00 (exc. GST).
