full potential*

Phone: 1300 491 883

Email: sales@silverlineaust.com.au

Website: silverlineaust.com.au

We believe in maximising and excelling brands and businesses through creating quality visual displays that stand out from the rest. Silverline transforms your brand identity into a physical display that showcases the very best aspects of your organisation. Providing you with a top-tier, portable branded environment to leave a lasting impression on any crowd.

At Silverline Australia we specialise in display products ideal for tradeshow, exhibitions, field days and events. We are also a leading Australian distributor of the ISOFrame Wave system, the world's first fully flexible display and exhibition system.

As the dedicated display division of Progress Printing – a leading provider of branded marketing and communication solutions to the agribusiness, government, mining and corporate sectors – we have the enhanced capability along with a comprehensive range of products and services to provide solutions for all your marketing and branding needs.

With our expert staff on-hand to guide you through all stages from conception to completion, we can assist with graphic design, corporate image management, product photography, and of course, print, manufacturing and distribution.

As a third-generation family business, from 1974 through to today we've built a solid stable of clients and a reputation for delivering both unmatched service and quality.

Give your organisation the lasting impression it deserves with Silverline.

The background is a blurred indoor scene, likely a trade show or exhibition. It features a variety of colorful lights, including blue, green, and yellow, creating a bokeh effect. In the foreground, the lower half of a person wearing a white dress is visible, and in the background, other people in business attire are blurred. The overall atmosphere is bright and busy.

ISOFRAME WAVE

INTRODUCING THE ISOFRAME WAVE: THE WORLD'S FIRST FULLY FLEXIBLE PORTABLE DISPLAY SYSTEM.

ISOframe Wave is the first fully flexible exhibition wall. Just flex the entire display the shape you need at each venue. Extend or reduce as required. No other display system offers this much flexibility. To achieve this flexibility a patented Flexi-wave link connects each vertical post in the system.

Each graphic can be flexed up to 180 degrees in any direction yet the structure remains unbelievably strong and stable. Just add 800 mm extender units to the original 800mm wide starter unit section for larger displays*. Because Wave is based on our ISOframe concept it also incorporates our patented FASTclamp connector – no more struggling with the nuts and bolts used on other systems.

Additional beams can also be attached for shelving, table attachments or TFT/LCD screens.

ISOframe[®] wave

Special Features

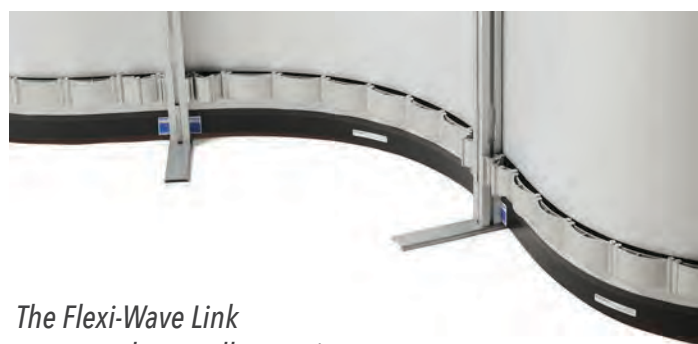

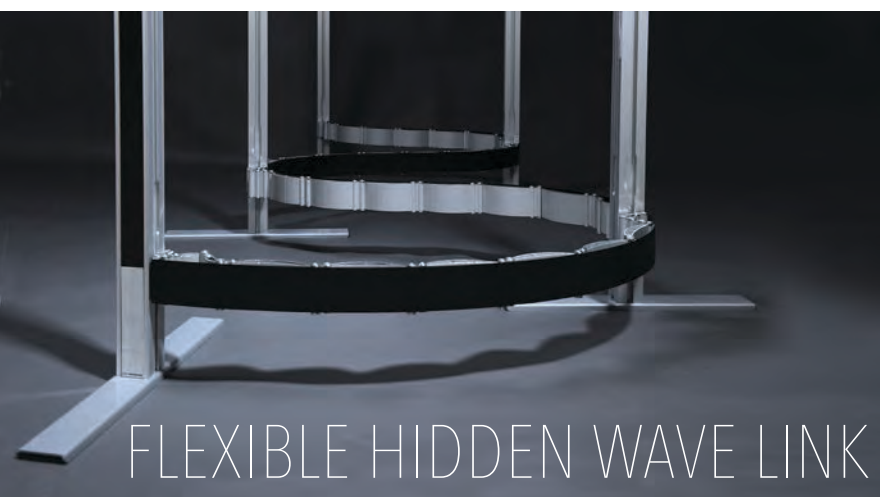

- ☐ State of the art, innovative design
- ☐ Infinite flexibility
- ☐ Easy to use
- ☐ Shape your display to suit each venue
- ☐ Same structure – different layout

From only \$2700*

FOR PRICING ON THESE PRODUCTS

TOBLERONE SIGNS

Toblerone Signs are a fantastic way to advertise your product or brand.

Perfect for outdoor events such as football and cricket matches, Toblerone Signs are easy to transport, place and reuse. Manufactured out of Corflute often used as a substitute for a sandwich board sign, these cost effective, short term use signs are widely used in the retail space. Toblerone Signs come in a range of sizes to choose from!

Silverline Australia can custom design your own Toblerone Signs to match your company colours and branding.

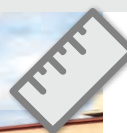

OUTDOOR EXPOSURE

PRINTED FENCE WRAP

Don't waste branding opportunities! Printed Fence Wrap is an ideal way to make a noise in the market place.

Comes in 50m rolls and can simply be cable tied to fences.

Special Features

- ☐ Unique RS-10 Rip Stop Material
- ☐ Full colour printing
- ☐ 40mm reinforced welded hem with stainless steel eyelets every 500mm
- ☐ 85-95% visual blackout
- ☐ 4 year UV protected on both ink and material
